Please evaluate your experience in the recently attended Training For Life Instructor Course. Attach additional pages as necessary. Your feed back will make it possible to improve future courses; **so please be honest & thorough.**

Do you feel you understand the mission of the American Heart Association (AHA), its mission and how you as an Instructor fit into that effort?

Do you feel you understand your responsibilities to the TC as well as its duties to you the Instructor?

Do you feel you understand the differences between the various AHA courses and where you may obtain more information on them, i.e. the equipment & time requirements, etc.?

Do you feel the course addressed all of the topics necessary for you to begin teaching immediately after you complete your Monitoring?

Do you feel that Training For Life is prepared to assist you in your Instructor efforts?

Are you aware of the resources available to you by way of the Instructor portal?

What else would you have liked the course to cover or cover in more detail to better prepare you for your Instructor role? Please make any additional comments you feel noteworthy.

Please submit your comments to the Instructor at course end, or if you prefer, you can mail this form either directly to the Training Center and/or the Regional ECC Office (call 1-888-CPR-LINE for the address).
